

COMING SOON!

Your VA of tomorrow. The VA Ann Arbor Healthcare System is pleased to announce the construction of a new ***Veteran Welcome Center*** – coming soon. Designed with *your* needs in mind, this addition to our medical center building in Ann Arbor combines style and function to meet the needs of today's Veteran.

Where innovation meets Veteran - centered care...

A one-stop-shop where all your administrative needs are located in one, easily accessible location. This project will add 10,000 square feet to the main entrance of the medical center on Fuller Road, and will offer everything from Eligibility to Travel to Veterans Service Officers.

Attention Veterans and Visitors,

Please pardon our dust as we begin work on an exciting construction project for a new, state-of-the-art Veteran Welcome Center!

Construction plans for this project will require short-term changes in the way Veterans and visitors enter and exit our facility. Please see the list below to ensure your visit to our healthcare system during the construction period goes as smoothly as possible.

PATIENT DROP OFF & PICK UP:

Please use the new patient drop off and pick up area located in the East parking structure on Level "C" (#1). The Emergency Department (ED) entrance (#2) may also be used. However, parking in the ED lot is reserved for emergencies or by permit only.

PARKING:

The East patient and visitor parking structure will remain OPEN during construction.

BUSES AND SHUTTLES:

- The designated drop off and pick up location for public buses ONLY (University of Michigan and City of Ann Arbor) will continue to be located at the main entrance outside of the construction area (#1). A new bus shelter will be built at this location for your convenience.
- All other shuttles will drop off and pick up at the Emergency Department (ED) entrance (#2).
